

REYNALDO WAKIT BINAY-AN

AI Voice Agent, AI Automation, and GHL Automation Specialist

(+63) 998 413 6250 | rey@rwbinaai.com | linkedin.com/in/reymbinaay-an | rwbinaai.com | n8n.io/creators/rwbfreelancer

PROFESSIONAL SUMMARY

AI automation specialist with 2+ years of experience. Builds AI voice agents with Retell AI and Vapi, and connects them to GoHighLevel (GHL) through n8n, so every call creates or updates a lead in the CRM. Uses Claude Code to build and extend custom CRMs, websites, and dashboards for clients. Builds n8n and Make workflows with error handling, monitoring, and safe API access. Verified n8n creator with a published workflow template at n8n.io/creators/rwbfreelancer. Demo videos of each project are at rwbinaai.com.

CORE SKILLS

GoHighLevel (GHL): Lead records and CRM updates from voice agents, n8n and webhook connections, call result logging

Claude Code and AI Coding: Claude Code, Codex, Cursor, Antigravity, MCP (Model Context Protocol), AI agent frameworks

Voice AI: Retell AI, Vapi

Automation: n8n, Make (Integromat), Zapier, UiPath, AutoHotKey, QuickCEP

AI Models and APIs: Claude, ChatGPT, OpenRouter, fal.ai

Programming: Python (web scraping, scripting), JavaScript, React JS, HTML/CSS

Integrations and Databases: HubSpot, Airtable, Supabase, REST APIs, Webhooks, FieldPulse

Systems and Security: Error handling, retry logic, logging and monitoring, API secrets management, service accounts, permission controls

Platforms: Shopify, Amazon Seller, Facebook Business Suite, Microsoft Planner, Trello, Notion

Engineering and Design: AutoCAD, DIALux, SketchUp, Adobe Photoshop, Illustrator, InDesign, Canva

Soft Skills: Problem solving, project management, team work, client communication

PROFESSIONAL EXPERIENCE

Freelance AI Automation Developer

Freelance / Multiple Clients | Remote, Part-Time | 01/2026 - Present

- Law firm client: Built an inbound Retell AI voice agent that qualifies leads and books consultations, and an outbound agent that follows up on unpaid invoices. Connected both agents to GoHighLevel (GHL) and n8n, so every call creates or updates the lead in the CRM.
- Marketing agency client: Used Claude Code to build an AI marketing department inside the client's self-coded CRM. One brief becomes a post for each channel, using only the facts in the brand kit. Also built and maintained Make scenarios connected to Meta Ads.
- Built client websites and dashboards with Claude Code, Codex, Cursor, and Antigravity.
- Repair shop client: Built an inbound voice agent that qualifies mechanic repair leads. Filtered the leads in n8n and sent the qualified data to FieldPulse.
- Added error handling, retry logic, and monitoring alerts, so systems keep running even when one step fails.
- Used MCP (Model Context Protocol) and AI agent frameworks to connect agents to business tools and complete multi-step tasks.
- Set up API keys, service accounts, and permission limits to keep client systems and data safe.

Facebook Automation Specialist

Freelance / Multiple Clients | Remote, Part-Time | 08/2025 - 06/2026

- Built n8n workflows that watch Facebook Page inboxes, sort customer messages with AI (ChatGPT, Claude), and send accurate auto-replies.
- Connected the Facebook Graph API with n8n to handle comment replies, direct messages, and lead sorting for several client pages at once.
- Set up backup rules so hard or sensitive questions go to a real person instead of AI.
- Helped clients get faster response times and more sales from customer messages.

Technical Virtual Assistant - Hi-Hyperlite

Remote, Full-Time | 07/2024 - 07/2026

- Used AI automation tools (QuickCEP CRM, n8n, AutoHotKey) to cut response time from 2 hours to under 30 minutes.

- Created lighting designs using DIALux, AutoCAD, and Photoshop, with an 80% client approval rate on the first try.
- Supported customers by email, phone, and chat, solving 95% of issues on the first contact.

Resident Engineer - The SM Store Baguio

Baguio City | 03/2024 - 07/2024

- Managed maintenance for all mechanical, electrical, plumbing, and fire safety systems.
- Led renovation projects, following Philippine building codes, on time and on budget.
- Set up a preventive maintenance schedule that reduced emergency repairs.

Safety Officer 3 - Global Agility Solutions, LLC

Baguio City | 01/2019 - 02/2024

- Reduced workplace incidents by 30% over five years through inspections and fixes.
- Built safety training materials and campaigns, reaching 100% employee compliance.
- Used AI tools (Perplexity, Claude) to study incident patterns, cutting repeat incidents to near zero.
- Kept the company fully compliant with RA 11058 and OSH rules, with zero violations in audits.

Virtual Assistant - Atlantic for Wholesale & Distribution, LLC

Remote, Part-Time | 10/2021 - 06/2023

- Built Python tools to track market data and find new product ideas that brought in more revenue.
- Grew social media followers from 150 to 9,500, raising engagement by 65%.
- Improved website speed by 10% using HTML, CSS, JavaScript, and React.

Technical Virtual Assistant - G&K Electrical Services

Remote, Part-Time | 01/2021 - 08/2021

- Created lighting and solar designs for clients using AutoCAD, DIALux, and SketchUp.
- Used Trello to manage projects and improve on-time delivery.

Maintenance Supervisor - The SM Store Baguio

Baguio City | 01/2018 - 06/2018

- Led a team of electricians and plumbers, completing all maintenance work on time with a 15-minute emergency response time.
- Set up a preventive maintenance plan that reduced system failures and extended equipment life.

Chat Support Representative - Chatsmith Online

Baguio City | 01/2017 - 09/2018

- Handled 100-150 chats a day for U.S. real estate clients, keeping a 95% satisfaction rating and fast response times.
- Labeled LIDAR data for AI projects, improving data accuracy by 25%.

Cadet Engineer - Benguet Electric Cooperative (BENECO)

Baguio City | 10/2015 - 09/2016

- Maintained electric meters and line poles to improve system reliability.
- Improved the electrical permit process, reducing approval time.

EDUCATION

Bachelor of Science in Electrical Engineering

Saint Louis University, Baguio City | 2015
